

# ESO BELGIAN DAY

Thursday 8 December 2022

from 19:00 till 22:00

@ PLANETARIUM Brussels

## The European Southern Observatory (ESO) celebrates its 60th anniversary

On this occasion, a special ESO evening is organized at the Planetarium of the Royal Observatory of Belgium on Thursday 8 December from 19h to 22h. The event will let you discover the ESO benefits to society and the Belgian astronomy highlights obtained thanks to ESO instruments.

### Free entry

**With outreach presentations  
by Belgian astronomers**  
*(in Dutch and French)*

**A virtual tour  
of the telescopes**

**Live streaming  
with the ESO facilities**

**Impressive ESO  
full dome astronomical images**

FEET ON THE GROUND

EYES ON THE SKY

ESO is the flagship facility of European astronomy, it operates three unique world-class observing sites in the Atacama Desert region of Chile: La Silla, the Very Large Telescope (VLT) and ALMA, and is building the Extremely Large Telescope (40 meters).
